

SEA&SEA Warranty Facility - United States

Manufacturing superior underwater imaging products and supplying great service to our customers is a top priority for SEA&SEA. In order to provide you with the service you need for your SEA&SEA product, please read the information provided on this page.

What to include when shipping your product for Warranty?

You should pack your product securely and safely and include the following information:

1. Contact SEA&SEA Customer Service for RA# (Return Authorization) at 800-482-2282
2. Completed Warranty Request Form
3. Written description of the Problem(s)
4. Copy of your Proof of Purchase from an authorized dealer (required).

Please note that SEA&SEA warranty only covers factory defects. The warranties do not cover misuse or abuse, including tampering by unauthorized repair facilities or other persons, flooding resulting from customer misuse or improper care and maintenance.

We highly recommend the following procedures for shipping and handling:

1. Secure the product in the original box and packaging with all original items if available.
2. Ship using a traceable carrier such as UPS, Federal Express, United States Postal Service
3. We also recommend insuring your product via the shipping carrier.
4. Obtain a tracking number from the carrier for your reference.

Please note SEA&SEA is not responsible for products lost, stolen or mis-delivered by a carrier.

Where to Ship Your Product for Warranty?

Send your product to the SEA&SEA facility address below for product warranty requests. After our warranty center receives your product and all required information you will be contacted with status of your repair or warranty evaluation.

SEA&SEA Service
2380 Mira Mar Ave.
Long Beach, CA 90815
877-973-2732 or service@seaandsea.com

If you require service or non-warranty repairs, please visit <http://www.seaandsea.com/productservice.htm> for a listing of service facilities and to download return forms.
